

8371

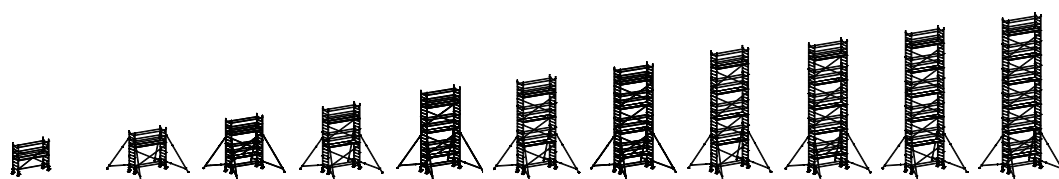

Mobile tower with stabiliser

Flexible for use anywhere: Assembly could not be more convenient – convenient placement of diagonals and platforms on the same rung of the frame section. Also: optional assembly with height offset, for example in stairwell position. With extremely large platform and four height-adjustable swivel castors.

Features:

- **Work platform: 2.95 × 0.65 m**
- **Castors: Ø 200 mm**
- **Permissible load: 200 kg/m² (2.0 kN/m²)**

Reach height (approx. m)	3.40	4.40	5.40	6.40	7.40	8.40	9.40	10.40	11.40	12.40	13.40
Tower height (approx. m)	2.64	3.64	4.64	5.64	6.64	7.64	8.64	9.64	10.64	11.64	12.64
Standing height (approx. m)	1.40	2.40	3.40	4.40	5.40	6.40	7.40	8.40	9.40	10.40	11.40
Platform length (approx. m)	2.95	2.95	2.95	2.95	2.95	2.95	2.95	2.95	2.95	2.95	2.95
Frame section width (approx. m)	0.80	0.80	0.80	0.80	0.80	0.80	0.80	0.80	0.80	0.80	0.80
